

# ◆ The Summitt Family Quarterly ◆

Volume 2, Issue 3

October, 1996

## From The Editor:

It seems like we only finished putting the July issue together and it's already time to get started with the October issue. Time sure flies when you're having fun. Mary and I are now on the road. The RV is traveling west and all is quiet at this time.

We were in New Orleans in August for SIGGRAPH, a conference on computer graphics. We just finished up three days in Columbia, Missouri at the University for the annual international convention of the Society for the Scientific Study of Subjectivity. From here we head for Dallas to visit with some friends for a couple of days and then it's off to Las Vegas. We'll be there in plenty of time for COMDEX in mid-November.

Actually, we need to get there before the end of October so that we can change our vehicle and driver's licences to Nevada before the Kansas registrations run out October 31.

By the way, our new book, *Creating Cool FrontPage™ Web Sites* came out in mid-September. It should be in your local bookstore by the time you read this. We've signed contracts to be the technical editors on a couple of IDG's books and are signing the contract for our fourth book this week.

Next issue, we'll be in Nevada.  
later  
paul

Civil War Web sites	1

Happy Halloween to all of the Summitt Family.

Speaking of October 31, I gave Mary her engagement ring on Halloween in 1990.

The day is therefore sort of an anniversary for us. Other August, September, and October dates perhaps of interest:

- Catharine Summitt married Henry Huit - Oct. 21, 1817.
- Margaret Summitt - Born Sept. 17, 1821.
- Daniel Summitt - Died Sept. 30,

## OnLine Civil War Information Sites

For those of us interested in the War Between the States, there are several web sites that are valuable sources of information concerning battles, the participants, and the war in general. Try out these locations if you get the opportunity.

- ◆ <http://jefferson.village.virginia.edu/vshadow/vshadow.html> - This is an experimental site from the Institute for Advanced Technology in the Humanities at the University of Virginia at Charlottesville. This site represents over 20,000 pages from 8 newspapers from 1850 to 1880. There are also 5000 pages of original census returns, diaries, maps, and army rosters located
